FALSE REPORT AT FIRST

Statement That Death Was Due to Heart Failure Upset by Inquiry.

NEW YORK, April 26.-David Willcox, former president of the Deliware and Hudson Rallroad, committed suicide at sea last Wednesday, while a passenger on the North-German Lloyd steamer Bar-barossa, according to a report made to Health Officer Doty by Captain Lang-routh at midnight

Health Officer Doty by Captain Langrenth at midnight.
The steamer is at Quarantine, where she arrived this evening from Genoa and Naples. Upon the arrival of the liner it was reported that Mr. Willeox had died of heart failure. As he had been known to be in ill health, and had gone abroad recently in the hope of recuperating, it was no great surprise to his friends to learn that he had suchis friends to learn that he had suchis friends to learn that he had such his friends to learn that he had suc-

cumbed.

Subsequent investigation, however, and according to the captain, developed evidence that Mr. Willcox had shot himself. In reporting the facts to Dr. Doty, the captain said that he had only a few moments before been made aware of the real cause of death. Dr. Doty said that he would make an investigation tomorrow.

Mr. Willcox, broken in health, sailed some time ago, and recently, because he had not secured the benefit physically that he sought, he cabled his resignation of the presidency of the railroad, which was accepted by the directors, who chose his successor in Leonor F. Loree, former president of the Baltimore and Ohio and the Rock Island Railroads.

At the time it was given out that Mr. Willcox's tretirement from the presidency of the Delaware and Hudson was prompted solely by ill health. Mr. Willcox was feeling poorty, it was stated, when he took passage on the steamer at Naples April 12th. He did not appear to improve, and on Wednesday died in his stateroom. The thought of suicide did not then occur to those on shipboard.

Mr. Willcox was born in Flatbush, L. I., December 12, 1849. He was gradmitted to the bar in Poughkeepsie in 1894. He was made vice-president of the Delaware and Hudson in 1990. He was president and seneral manager of the road and of several of its sub-

Rappahannock and Is Drowned.

[Special to The Times-Dispatch.]

FREDERICK SBURG, VA., April 26.—
Edgar DeVault, a woft-known young man of this city, son of Mrs. L. A.
Bear, was drowned this afternoon in the Rappahannock River here. It is not known whether the drowing was accidental or a case of suicide. Mr.
DeVault was with two companions at the steamboat wharf. He said he was going to take a bath, and immediately jupped into the river. He swam towards the Stafford side of the river, and when about midway the stream sank. He did not rise again. The authorities were notified and the work of searching for the body commenced, and the body was found two hours after the drowning. The young man was twenty-three years old, and his father died in Brazil when he was a Presbyterian missionary in that country. The deceased is survived by his mother and two stepbrothers.

The coroner's jury viewed the body. The evidence of witnesses will be heard later.

Messrs. Straus and Binford Awarded Cup After Excellent Effort.

ISpecial to The Times-Dispatch.]
WILLIAMSBURG, VA., April 26.—
In the first intercollegiate debate ever held between Richmond and William and Mary Colleges, the cup was won by the two representatives from Richmond in the chapel here to-night. The chapel had been claborately decorated, and under the glare of the electric slights, formd a bright scene, One-half of the rostrum had been decorated in orange and white for the William and Mary representatives and the other half in red and blue for Richmond representatives. Music was furnished for the occasion. The meeting was presided over by W. C. Douglass, Colonel B. O. James, Professor J. P. McGuire and Mr. H. A. Atkinson, all of Richmond, acted as judges.

The question for debate read: "Resolved, That it is good policy for the small colleges of our country that they be grouped together in a manner similar to that obtaining in the English universities."

The affirmative was taken by Messrs, G. L. H. Johnson and G. G. Ferguson.

be grouped together in a manner similar to that obtaining in the English universities."

The affirmative was taken by Messrs. G. L. H. Johnson and G. O. Ferguson, Jr., of William and Mary, and the negative by Messrs. A. H. Straus and T. H. Binford, of Richmond College.

A close attention was paid to the addresses throughout the evening by the large audience, which nearly filled both chapel and library. The debate was opened by Mr. Johnson for the affirmative, who in a twenty-minutes speech presented his side of the question in a most able manner. He was followed by Mr. A. H. Straus, of the negative, who in part answered his speech, also driving home some points in favor of his side. Next came Mr. G. O. Ferguson for the affirmative, followed by Mr. T. H. Binford for the negative.

Both of these gentlemen brought forward a great number of points, and discussed the subject in a wonderfully complete manner, considering that twenty minutes each was allowed five minutes in which to answer, Richmond College having the closing speech. This was against the usual custom in Intercollegiate debates, the custom giving it to William and Mary, but by a vote of 2 to 1 the committee of judges gave this advantage to Richmond College. After this debate, the judges were out only a few minutes, when they returned, awarding the cup to the negative side. The vote in this decision was 2 to 1. A dead silence reigned over the hall while the cup was awarded, and then the winners met much applause.

stamps were placed on sale at all the principal post-offices of the country simultaneously with the opening of the exposition, but so far the supply is altogether unequal to the demand. For example, the Richmond post-office got less that 20 per cent. of its order, and received no fives at all.

Mr. Cabell ordered a half million twos and got only 50,000. The rest of the order was scaled down in proportion.

One firm here, which is sending out some advertising matter, applied for 27,000 fives, and a like number of ones yesterday. It could get no fives and only a limited number of ones, as nearly everybody is calling for the new edition, and in order for them to go around, pending the arrival from Washington of a larger supply, only a few are sold to each applicant. The stamps are very prettily designed and executed, and people are fairly grabbing" for them. The postmaster hopes to have a full supply of all denominations within a few days.

Richmond High Team Receives

Surprise and Setback.

In a close game of baseball yesterday afternoon on the Academy diamond, Richmond High School was defeated by the Academy by 5 to 4. This contest, the fourth of the championship series, was a surprise even to the most enthusiastic of the Academy rooters. The last trial between these teams ended 11 to 3 in the High School's favor.

The game started off with a rush, both teams piling up two runs in the first inning, due to heavy hitting and clever base-running. The scoring kent up in the second, High School adding two more, while the Academy failed to Surprise and Setback.

#### HOGE ACADEMY WINS.

Oakes Proves Too Much for Cluster Springs Batsmen.

Cluster Springs Batsmen.

BLACKSTONE, VA., April 26.—The Hoge Military Academy defeated the team from Cluster Springs in an uninteresting game of baseball on the home grounds by 9 to 1. The Cluster Springs team made one run on an error in the first inning. At no other time did they have a chance.

Garnett proved an easy mark for the Hoge batters, and after they had netted seven runs in four innings he was relieved by Owen, who pitched a much better game, allowing only three hits and two runs for the remainder of the game. Oakes, for the Hoge team, proved almost invincible, allowing only three scattered hits, one base on balls and striking out seven men. Errors were about evenly divided—four for Hoge and six for Cluster Springs.

For the visiting team, Hankins, catcher, and Powers, second base, played the best ball. For the home team, Beville, catcher; Oakes, pitcher; Barrow, first, and Harris, shortstop, played excellent ball, accepting many difficult chances without errors.

Decides to Make Race and Says He Goes in to Win.

Colonel Charles E. Wingo, one of the most prominent citizens and retired business men in Richmond, last night definitely announced himself a candidate for the House of Delegates.

Colonel Wingo has had the matter under navisement for several days, friends having made an urgent request of him to be a candidate. He took time to consider, and told some of those who were closely identified with the movement late yesterday afternoon that though he had no particular political ambitions, he did not feel that as a citizen he was quite at liberty to ignore the call which has been made upon him by his friends in the various walks of life. It was pretty clearly indicated in this paper several days ago that Colonel Wingo would run, but he did not come to a definite conciusion concerning the matter until late yesterday afternoon.

He hardly needs any introduction to the Richmond public, for he has lived here practically all of a long and honorable life, and has been for many years prominent lib usiness, social and political circles,

## What You Want and What You Get

Usually, when a man pays out his money for anything, he gets what he wants, or there's a good, strong kick for the man who sold him a disappointment.

Why isn't this true of cigar purchases?

Why has the public been so long-suffering with cigar manufacturers? Why will a man pay out his good money for poor cigars?

It's hard to say. But it's easy enough to see how a great many manufacturers take advantage of this careless buying, and unload inferior cigars on unsuspecting purchasers. This flimflaming game can't last forever.

Smokers every day are waking up more and more to the fact that

These items were carefully mounted on Irish linen leaves and bound in 6 volumes, 400 pages to the book. A cover of genuine seal was appropriately lettered in gold and the entire material, representing the work of many people for several months, has just been delivered

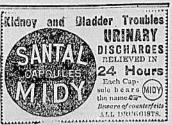

to Mrs. Payne at Milwaukee. Mr. Burrelle, who makes specialty of this unique method of preserving family history, also compiled four volumes containing the letters, telegrams and cards of condolence received by the family, all constituting a family heirloom that will be handed down to future genera-

tions.
This work is one of the several developments of the press clipping industry and Mr. relle has made a special study of the work he created several years ago.
